

## Overhead Closer

### Introduction

The Briton 2004 is a heavy-medium duty, fixed strength size EN 4 overhead door closer. Ideal for heavier doors up to 80kg, this popular door closer requires little on-site adjustment for a quick and easy installation.

### Features & Functions

- Cast aluminium body
- Steel rack and pinion mechanism is heat treated for strength and durability.
- Forged, heat treated and ground steel piston for rugged durability.
- High quality hydraulic fluid with built-in temperature compensation ensures reliable performance without the need for seasonal adjustment
- Stylish flatarm arm in finish to match door closer cover.
- The mechanism is safety valve protected to prolong the life of the closer against abuse and misuse.
- Precision needle roller bearings for optimum performance and efficiency.
- Classic fabricated cover conceals fixings and adjustment regulators, reducing the risk of vandalism.
- Available in a range of architectural finishes with matching arms to complement a variety of door hardware ranges.
- Easy to adjust.
- Briton badge of authenticity.
- Accufit self-adhesive template increases the accuracy of installation and helps to reduce installation time.
- Optional hold-open armset (for non fire doors only)

2004.SES

### Certification

CE Marked to EN 1154 (AD0014)

Fire tested to EN 1634 for use on fire doors up to 2hr timber / 4hr steel

Certifire Approved CF111 (regular & transom applications only)

Environmental Product Declaration in accordance with ISO 14025 & EN 15804
